**March 2016**

## **FROM THE EDITOR**

*Jackie Walters*

This newsletter has been brought to you by Rachel Amner, Linda Carey, John Cawley, Dan Cobb, Ian Ferris, Denise Johnson, Dave Lonsdale, Geraldine Ray and Emma Stoney. Please send contributions for the next newsletter to [baildonrunners@yahoo.co.uk](mailto:baildonrunners@yahoo.co.uk) by **29 April**.

## **RUNNER OF THE MONTH**

January's winner was Jennie Stephenson for her role in setting up the junior parkrun in Roberts Park, well done Jennie. February's winner was Pete Gallagher for a 10k personal best at Dewsbury and his first sub-40 time of 39:44, a superb improvement.

All members can nominate Runner of the Month. If you know anyone (including yourself!) who has achieved something special email your nomination to [baildonrunners@yahoo.co.uk](mailto:baildonrunners@yahoo.co.uk). It is not just about breaking records. It could be completing a first race, a particular distance or time. It doesn't need to be running related and could include volunteering at events for instance.

## **NEW MEMBERS**

Please welcome this month 2 new first claim members Maureen Watkinson and James Wright, welcome Maureen and James. Our membership now stands at 195.

## **BAILDON RUNNERS ANNUAL GENERAL MEETING**

*by Ian Ferris*

Thank you to all those who attended the recent club AGM and helped ensure we were comfortably above the quorum we needed. For those who missed it we gave a review of the past year (it's amazing how much the club and its members achieved), shared our thoughts and plans for the running year ahead and presented the WYWL trophies.

The main change voted for was to increase the membership fees by a small amount but to give existing members the option to renew at the current price until the end of April. Please help the club and yourselves by paying promptly as we need to pay £13 of each fee plus a £100 fixed amount to England Athletics.

Stepping down from the committee are Geoff Perigo, Lizzie Smith and Jeremy Smith. We thank them for their valuable help and guidance, in some cases over several years. Stepping up to join the committee is Ben Watson who will look after our new website which will go live after the Baildon Boundary Way.

In accordance with the club constitution, I have also stood down from the committee and we are looking for a new club secretary as there were no volunteers at the AGM nor in response to various email requests.

We now have a record 195 members and we hope the majority of you will choose to renew with what is the best, the most friendly and still the cheapest club in the area.

## **SPORTSHOES DISCOUNT CODE**

The discount code for April is YGS7 redeemable until 1 May.

## **DALES TRIP SAVE THE DATE!**

*by Geraldine Ray*

As Spring approaches it will soon be time for the annual Baildon Runners Dales trip. For those who haven't been before, we will be meeting in Baildon at 6.00pm for transport to Grassington. There will be a choice of running or walking routes in the beautiful Dales countryside, followed by a meal and a few well-earned beers before heading home at 11pm.

Full details will be sent out in April so keep an eye out for the email and save the date Friday 3rd June!

## **OGOBS EASTER HANDICAP RACE**

*Denise Johnson*

To celebrate OGOBS turning 2 year old in March I thought it time to put on another fun event. Not sure how I dream these names up but came up with the "Golden Egg Challenge".

The date was set for 23rd March only 3 days after the East Hull 20 so I was happy to be photographer for the morning, with Don at the halfway point and Jim Wheldon, Bob Coles and Dave Lonsdale timekeeping.

We did have 20 entries but injury and illness struck the week before so we finished up with 13 runners. Over the 2 years we have grown from just a few turning up each week to double figures now most Wednesdays.

Once again this race was over 5.2 miles on the canal with the slowest going off first and the scratch man (Quentin) going off last. First to leave the park was Dave Noble followed 10 minutes later by Ellie Newhouse and a further minute behind Ellie was Linda Carey. Finally after 28 minutes we set off Emma Stoney followed by Ben Watson and finally Quentin.

The Easter Bunny (Don) was standing at the half way point with a bucket of eggs and jelly babies. The runners had to grab one and eat it or face a penalty of one minute added to their time. Everyone went for the option of the chocolate egg or jelly baby.

Dave Noble was first to turn for home but Ellie and Linda were hot on his heels. When you are standing there it seems the last runners have no chance of catching anyone up but this was not the case by the finish.

I jogged out onto the canal to take my photographs to be met by Linda Carey in the lead with half a mile to go. I shouted to her, "You are well ahead", only seconds later to spot Emma Stoney in the distance going like a train and catching Linda with every stride. It was cat and mouse all the way to the finish with Linda winning by 10 seconds. Third across the line was Pudsey Pacer Dave Burdon. In the next few minutes most of the runners could be seen crossing the bridge so the timings had worked out very well.

To finish off a brilliant morning I had bought some prizes these were awarded to:

The Golden Egg	Linda Carey
The Golden Bunny	Dave Noble for services to the club with his coaching and never giving up
Mini Eggs	Emma Stoney for coming 2nd
Mini Eggs	Quentin Lewis for fastest time of the day
Mini Eggs	Dave Burdon for coming 3rd
Mini Eggs	Suzanne Haigh for bringing her two little dogs -they annoy the life out of Rafferty

When you are putting on an event the best part is you get to choose who gets the prizes. It's all taken in good fun. The rest of us got to eat cakes baked by Alyson Lewis and Barbara Lee. It just has to be said I could not have been happier for Linda as she was over the moon to, "win her first race ever ". At this point over to Linda herself.

## **HOW THE FOX FEELS**

***Linda Carey***

It was with great determination that I set off third in the handicap. Several months of reduced activity after my accident last October have had an impact on my speed and stamina so when Denise Johnson requested my 5 mile time I "guesstimated" 50 minutes which in fact turned out to be spot on. The conditions were perfect as I set off and spotted Ellie in the distance. It took me a long time to catch her up and after that I didn't look back once in the race for fear of who was creeping up on me. As I got to Three Rise Locks I was dismayed to see Don Johnson waiting at the top rather than the bottom but the compulsory jelly baby we had to eat gave me the energy to contemplate the return. I overtook Dave Noble, dodged a couple of aggressive geese and then set my sights on the return leg. At this point I started meeting my pursuers on the canal bank and was able to size up the opposition and get an idea of what my return journey would entail. I met Emma Stoney way back down the canal going at a frightening pace and a few minutes later Quentin. They seemed a long way back and I started to think I could actually win the egg. I carried on never once looking back and avoiding any interaction with other dog walkers and cyclists to save my breath. When I got to the end of the canal Denise was waiting with the camera and words of encouragement. I relaxed when she said, " You're fine. There's no one in sight," and actually slowed down until she added, "Oh no, there's Emma!" I then got back in to gear and sprinted across the bridge and along the final stretch with Emma in hot pursuit. My joy at finishing first was immense and I'd like to thank Denise for staging such a fun, if knacker event.

## **WEST YORKSHIRE WINTER LEAGUE PRESENTATION NIGHT**

***Dan Cobb***

So after another gruelling but wonderfully successful Winter League season a crack squad of Baildon Runners headed into Leeds for the presentation night to do what we do just as successfully as running...Partyng!

Obviously we were ultra-proud to collect the 2<sup>nd</sup> Overall team trophy, which was no less than we deserved for top quality running throughout the season. The other fabulous awards collected on the night were:

Chris Burke - 3rd M45

Rob Myers - 2nd M60

Kirsty Allen - 1st F40

Donna Kaznowski - Paul Dowson Shield (Most improved female) -

Sadly not all our individual prize-winners could be there but for those of us who never win anything, we didn't mind hogging the limelight for a few moments with Jim Wheldon even posing for photos when collecting Rob Myers' award!!

The night was fantastic, improved by the fact that they called out all the separate age categories in batches rather than individually, so sped things up somewhat i.e. more drinking time! Also with being the Winter League they had to put some sort of obstacle in our way, so rather than the usual mud and hills we had to try and eat pizza and salad with a spoon, not an easy feat I can assure you!

The Adelphi pub was a very cosy and charismatic venue, I sincerely hope we'll be back next year to scoop up even more awards. Thanks again for all your effort and determination this season.

## **BAILDON BOUNDARY WAY 2016**

***Emma Stoney***

The Baildon Boundary Way 2016 was a huge success. Entries for this year's race filled fast, which will mean the club will have made a healthy profit from our biggest annual event. Despite having to alter the course due to the Boxing Day floods, it all ran very smoothly with many runners reporting that they had enjoyed the alternative route (they must be the same breed as Quentin, who devised the 2016 route and threw in some extra hills!). The team that put in all the hours work ahead of the day deserve my huge thanks, as well as all

the other members who marshalled. It was great to see some outstanding performances from our own club in the results, in particular Kirsty Allen who became the first ever Baildon Runner to win our own race!

## **WORLD ICE SWIMMING CHAMPIONSHIP IN ESTONIA**

***Rachel Amner***

And now for something completely different! While most of the club have been training over the winter for events such as the Winter League, the Winter Championship, or eating cake in a Saltaire café after the Saturday morning run sessions, I've instead been training for the Ice Swimming World Cup.

Having blithely said back in October, "Estonia in February, swimming, how fun", and having booked my flight to Tallinn, the reality suddenly hit me that I was actually going to have to do some training and actually have to do the event. I was really nervous as I'd never swum in water for any length of time below 6 degrees C. And before any of you ask, no neoprene or wetsuits allowed, just a swimming cozzie, goggles and a swimming cap!

My main problem was that the water in lakes and rivers round Yorkshire, was too warm, as they hovered around 5-6 degrees C! So I had to come up with a different acclimatisation plan. As experienced cold water swimmers know, it's not just the swimming in cold water that is potentially dangerous, it's the warming up afterwards as cold blood from your hands and feet heads back to your heart. So acclimatisation training is very important. Also important is practising having all your warm clothes ready on the side, in the order you need to put them on, as you only have about a minute to get changed before your body starts shivering uncontrollably.

Just weeks before the event, Dave Lonsdale bumped into another Baildon Runner, Mel West at a parkrun, who mentioned that she was just about to head out to Tallinn for a few weeks for work. So she became my local contact for just how cold the event was going to be – air temperature minus 20ish a couple of weeks earlier, brrrrr!

On the Saturday morning of the World Cup I was terrified, but equally glad that I'd entered into a relay race because there was no way I could bottle out and let my team mates down. The sand on the beach outside the venue was frozen solid, and there was thick snow. There was also gaffa tape all over the ladders into the harbour where the races were to be held, to prevent swimmers hands freezing onto the rungs. However, once the horn sounded, there was no way I wasn't climbing down the ladder and in to the water and swimming! The actual swim wasn't as bad as I thought, it was so cold, my body numbed straight away, but after only 10m across, my hands and feet were painfully pins and needles. We didn't win our relay race, but I can now proudly say I've represented Yorkshire and GBR in a World Cup event! And thank you for asking, the water temperature on race day was 0.8 degrees C!

Thank you to Mel for coming to cheer us on in the afternoon when Team Yorkshire won 1 gold, 3 silvers, and 2 bronzes!

The medal podium – maybe next year there'll be a medal round my neck!

Martin and I at the start of our relay, waving as our team is announced.

The Yorkshire flag fluttering proudly next to all the flags of the different countries represented.

## **PAULA RADCLIFFE**

*Rachel Amner*

As some of you know, last year I worked at the London Marathon as a medical volunteer. So I was privileged at the start of my shift to be able to stand at the finish line and cheer on Paula Radcliffe, as she finished her last ever London Marathon.

Last month I met Paula again at the Manchester Swim/Run/Bike/Tri Expo, where she did a Q&A session. A lot of the people there were training for marathons and asked Paula for advice, particularly about preparing for the London Marathon.

Q: What advice do you have for someone running their first ever London Marathon?

A: Enjoy the experience, but don't set off too fast. The other runners and crowds will pull you along and you will run faster than you really want to for the first 5-10 miles. You really want to think of mile 20 being your half way point in the marathon, so pace yourself. The last 6 miles will be the hardest, mentally and physically, so be prepared for that.

Q: What should I eat during the marathon?

A: Practice different strategies when you train. It's important to eat enough carbohydrates the week before the marathon. It's also important to eat enough after the marathon, I remember sitting in an ice bath at the finish line of one marathon eating half a kilogram of cold pasta! It takes about 5 weeks for your body to readjust after a marathon, so listen to your body and rest/eat as needed.

Q: Do you listen to music when you run?

A: No, I like to listen to the world around me!

Q: How many miles did you do when you were training?

A: At my peak, the largest number of miles per week I did was 151.

Q: Do you still run?

A: Yes, but not really competitively now, more to help me have time to think things over, to de-stress, or just for fun.
